PROFESSIONAL SUMMARY

Recent B.Tech Information Technology graduate with a strong interest in software development and AI. Skilled in Python, HTML, CSS, JavaScript, Flask, and FastAPI, with hands-on experience building web applications and APIs. Developed a High-Concurrency Sports Hub with Intelligent Shopping Agents project and completed an AI-focused internship at Hackwit Technologies. Eager to apply technical skills, learn new technologies, and contribute to a software development team.

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL, HTML, CSS

Frameworks & Libraries: Flask, FastAPI, Scikit-learn

Machine Learning & AI: Machine Learning, Deep Learning, LLM-powered Chatbots, Predictive Modeling

Tools & Platforms: Git, GitHub, Excel

INTERNSHIP EXPERIENCE

Artificial Intelligence Intern, Hackwit Technologies Pvt. Ltd., Chennai

Jan 2025 - Feb 2025

- Built a medicine recommendation system using machine learning.
- Built and trained disease prediction models using Python and Scikit-learn.
- Applied Python-based AI techniques to a healthcare domain problem, enhancing practical application development and problem-solving skills.

PROJECTS

High-Concurrency Sports Hub with Intelligent Shopping Agents

- Built a full-stack e-commerce web application using Python, FastAPI, HTML, CSS, machine learning, and JavaScript, with features such as product recommendation, cart management, and order processing.
- Implemented an AI chatbot powered by LLMs to assist customers with product recommendations and real-time query resolution, improving user engagement and shopping convenience.

Intelligent Agriculture Decision Support System Using AI

- Built using Python, Flask, Machine Learning, Deep Learning, HTML, CSS, and JavaScript.
- Developed an AI-powered agriculture platform for soil analysis, crop recommendation, disease detection, fertilizer planning, and weather-based farming support.

EDUCATION

Bachelor of Technology (B.Tech), Information Technology, Sathyabama Institute of Science and Technology, Chennai

2022 - 2026

- CGPA: 6.88

Higher Secondary Education (12th), Biology & Maths, St. Mary's Matriculation Higher Secondary School, Chennai

2020 - 2022

- Tamil Nadu State Board, Percentage: 60%

CERTIFICATIONS

- Python Pandas Basics Course, Simplilearn (Completed, June 2026)
- SQL for Data Analysis, Simplilearn (Completed)

ACHIEVEMENTS

- Published a research paper titled "Intelligent Agriculture Decision Support System Using Artificial Intelligence" in an international journal.

LANGUAGES

Tamil (Native), English (Professional)
